

29.

(Added) The method according to claim 21, wherein the morphogenic protein is produced by the expression of a recombinant DNA molecule in a host cell.

REMARKS

Applicants have canceled claims 1-20, and added claims 21-29. Applicants believe that presentation of the claims in a contiguous format will facilitate the Examiner's review of this application. Support for added claims 21-29 is provided in the claims as originally filed. None of the claim amendments or additions constitutes new matter. Applicants expressly reserve the right to pursue the subject matter of the canceled claims in one or more applications claiming priority herefrom under 35 U.S.C. § 120.
